01 Executive Summary & Project Purpose

Sooraj Badminton Academy (SBA) (operating interchangeably as *S & A Badminton Academy*) is an athletic sports institution based in Kochi, Kerala. The academy operates five dedicated court centres providing BWF-standard synthetic and wooden sprung flooring, certified coaching mentorship, video stroke analysis, and structured junior development pipelines.

Under contract reference `SAA-WEB-SEO-2026-001` commencing 06 September 2026, a total commercial package valued at **₹25,000 INR** (Itemized: *Professional Website Development ₹15,000* and *30-Day Local SEO Launch ₹10,000*) was executed to establish an authoritative digital hub, streamline student admissions, empower administration through a secure custom CRM, and secure regional local search dominance across Kochi.

CORE OBJECTIVE FULFILMENT
The digital platform transitions SBA from fragmented social media channels into a self-contained, high-performance platform hosted at **https://soorajbadmintonacademy.in/** with automated WhatsApp admissions, real-time lead capture, centralized operations, and verified Google Business Profiles.

OFFICIAL HANDOVER STATUS & 7-DAY TESTING WINDOW
Handover Status: Project handed over for client testing and review. | **Project Handover Date:** 07 October 2026
7-Day Testing & Review Period: 07 October 2026 to 13 October 2026 | **Final Date for Reporting Included Corrections:** 13 October 2026.

03 Agreed Scope of Work & Delivery Matrix

All contractual milestones were audited against live production code. Deliverables are strictly categorized into 6 distinct operational classifications:

SCOPE MILESTONE	DOMAIN	STATUS	DELIVERY VERIFICATION RECORD
Responsive Website Platform	Frontend	COMPLETED	Next.js 16 App Router, Tailwind CSS, Athletic dark UI theme.
Core Public Pages (15+ Routes)	Website	COMPLETED	Homepage, About, Centres, Coaches, Gallery, Articles, Reviews, Contact.
5 Branch Micro-Market Hubs	SEO / Web	COMPLETED	Individual canonical URLs for Kadavanthra, Kumbalanghi, Maradu, Palluruthy, Chullikal.
Training Curricula Catalog	Programs	COMPLETED	5 distinct pathways: Kids, Junior, Adult, Competitive Squad, Summer Camp.
Lead Capture & Trial Booking	CRM / Lead	COMPLETED	Honeypot protection, phone validation, direct DB logging, instant WhatsApp handoff.
Admin Dashboard & Operations	Admin CRM	COMPLETED	Role-based dashboard controlling leads, venues, coaches, blog, reviews, events.
Authentication & Security	Security	COMPLETED	scrypt password hashing, JWT access token, PostgreSQL refresh token rotation.
On-Page SEO & Structured Data	Local SEO	COMPLETED	SportsOrganization, SportsActivityLocation, LocalBusiness, Breadcrumbs, FAQPage.
Dual Dynamic XML Sitemaps	SEO	COMPLETED	Dynamic /sitemap.xml and dedicated dynamic /tournaments-sitemap.xml.
Google Business Profiles (5 Hubs)	Local SEO	CONFIGURED	All 5 branch accounts claimed & configured; pending Google video verification.
GBP On-Site Video Verification	Client Action	PENDING CLIENT	Requires on-site video recording walk-through by Coach Sooraj / staff.
Authentic High-Res Venue Photos	Client Action	PENDING CLIENT	Client to provide authentic photos to replace polished baseline stock court images.
Online Payment Gateway (UPI/Card)	Future Plan	FUTURE PHASE	Recommended Razorpay / Cashfree integration for automated monthly tuition billing.
Parent & Student Mobile Portal	Future Plan	FUTURE PHASE	Self-service portal for attendance tracking, fitness rubrics, and fee receipts.
Paid Digital Ads Management	Marketing	OUT OF SCOPE	Meta Ads & Google Ads media budgets and ad management excluded from contract.

STRICT COMMERCIAL INTEGRITY & HANDOVER TESTING FRAMEWORK

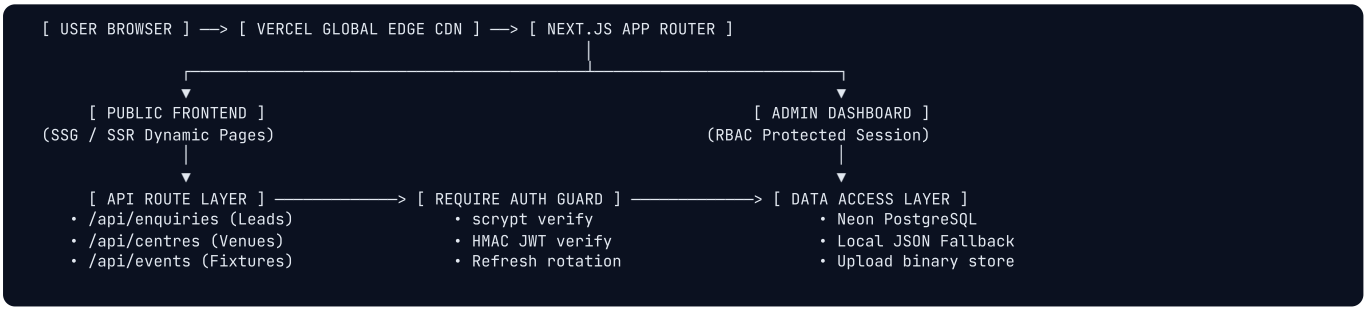

Zero unverified claims are made in this document. Completed features exist as functioning production code. All client-dependent dependencies are explicitly identified. **Handover Status:** Project handed over for client testing and review. All delivered components are subject to the agreed **7-Day Testing, Review & Correction Period (07 October 2026 to 13 October 2026)**, with **13 October 2026** as the final deadline for reporting included scope corrections.

04 Verified Technology Stack Specification

The system was engineered using modern, production-hardened technologies verified directly from `package.json` and repository configuration:

LAYER	TECHNOLOGY	EXACT VERSION	ARCHITECTURAL FUNCTION
Framework	Next.js (App Router)	`^16.3.4`	Hybrid SSR/SSG rendering, routing, API endpoints, Turbopack bundling
UI Engine	React / React DOM	`^19.2.8`	Component lifecycle, server components, and responsive state
Language	TypeScript	`^7.0.2`	Strict type safety across schema models and API request contracts
Styling	Tailwind CSS & PostCSS	`^4.3.3 / ^8.5.28`	Athletic color system, dark-mode styling, zero runtime CSS overhead
Database	Neon Serverless PostgreSQL	`^1.1.0`	High-concurrency cloud relational storage with pooling
Data Fallback	File-Backed JSON Store	Node.js `fs/promises`	Local cache layer guaranteeing zero downtime during DB connection loss
Cryptography	Node.js `crypto`	Native	scrypt key derivation, HMAC-SHA256 JWT, secure random salts
Iconography	Lucide React	`^1.41.0`	Lightweight, accessible vector iconography
PDF Engine	Puppeteer & PDF-Lib	`^23.6.0 / ^1.17.1`	Headless Chrome document rendering and PDF byte compilation
Hosting	Vercel Edge Platform	Edge Runtime	Global CDN caching, automatic SSL, serverless function execution

05 Application Architecture Diagram

06 Public Website Modules Catalog

The public web application comprises 15+ modules crafted with SBA's signature athletic visual system (Court Black `#080B10`, Surface `#0E141B`, Lime `#B8F000`, and High-Contrast White):

MODULE & ROUTE	TYPE	DATA AUTHORITY	PURPOSE & FUNCTIONALITY
Homepage `/`	SSR / Dynamic	Content DB & Config	Hero showcase, trust metrics, 5–branch preview cards, coach spotlight, tournament banner, and admissions CTA.
About Academy `/about`	Hybrid	`data/academy.ts`	Founding story, Head Coach Sooraj's vision, world-class court standards, and academy trust pillars.
Centres Directory `/branches`	Dynamic	PostgreSQL `centres`	Interactive regional directory displaying all active training venues across Kochi with maps and specs.
5 Local Hub Pages `/[location]`	Dynamic / SSG	PostgreSQL `centres`	Hyper-local landing pages for Kadavanthra, Kumbalanghi, Maradu, Palluruthy, and Chullikal with structured JSON-LD.
Programs Matrix `/programs`	Hybrid	`data/programs.ts`	Stage-by-stage player pathways: Kids (5–9 yrs), Junior (10–16 yrs), Adults (16+ yrs), Tournament Squad, Camp.
Program Details `/programs/[slug]`	Dynamic	Programs Data	Curriculum breakdown, coach-to-student ratios (1:6), court surface details, and instant trial booking.
Coaching Panel `/coaches`	Dynamic	PostgreSQL `coaches`	Certified coaches directory with headshots, BWF/NIS qualifications, experience, and home centre badges.
Achievements Wall `/achievements`	Dynamic	Content DB	Trophy wall recording state championships, district laurels, student medalists, and tournament rankings.
Photo Gallery `/gallery`	Dynamic	Content DB & Images	Visual media wall showcasing court training, footwork drills, junior batches, and tournament triumphs.
Articles & Blog `/blog`	Dynamic	Content DB	Educational coaching guides, racket selection advice, footwork tutorials, and badminton nutrition.
Testimonials Wall `/testimonials`	Dynamic	Content DB	Verified ratings and testimonials from parents, junior athletes, and evening corporate batch players.
Fixtures & Events `/events`	Dynamic	PostgreSQL `events`	Academy tournaments, holiday training camps, registration dates, entry fees, and status filters.
Admissions Form `/contact`	Dynamic API	`/api/enquiries`	Multi-step free trial registration form with direct phone validation, honeypot protection, and WhatsApp link.

07 Official SBA Training Centres Directory

STRICT BRANCH VERIFICATION AUDIT
An exhaustive scan across the repository confirmed that **zero active references to obsolete or unverified locations (such as Edappally or Kakkanad) exist in active branch documentation**. The official network comprises strictly the following 5 physical facilities:

BRANCH HUB	PHYSICAL VENUE ADDRESS	COURTS	TARGET NEIGHBORHOODS	CONTACT & TIMINGS
1. Kadavanthra CENTRAL KOCHI HQ	S&A Sports Arena, Near Rajiv Gandhi Indoor Stadium, Kadavanthra 682020	4 Courts BWF Wooden + Mat	Panampilly Nagar, Girinagar, Elamkulam, Vyttila, Thevara, MG Road	+91 79076 55513 Mon–Sun: 05:00 AM – 10:30 PM
2. Kumbalanghi WEST KOCHI HUB	All Star Badminton Indoor Court, Kumbalanghi, Kochi 682007	3 Courts BWF Cushion Mat	Perumpadappu, Palluruthy, Aroor, Edakochi, Chellanam, Thoppumpady	+91 79076 55513 Mon–Sun: 05:30 AM – 10:00 PM
3. Maradu SOUTH KOCHI HUB	Society Road, Near Vadakke Cheruvaram, Maradu 682304 (ProSmash)	4 Courts Grade-1 Synthetic	Kundannoor, Nettoor, Thykoodam, Petta, Tripunithura, Vyttila	+91 79076 55513 Mon–Sun: 05:30 AM – 10:00 PM
4. Palluruthy WEST KOCHI FACILITY	All Star Court, Kumbalanghi / Palluruthy Corridor, Kochi 682007	4 Courts Grade-1 Synthetic	Thoppumpady, Edakochi, Kumbalangi, Fort Kochi, Mattancherry	+91 79076 55513 Mon–Sun: 05:30 AM – 10:00 PM
5. Chullikal COASTAL / FORT KOCHI	Chullikal, West Kochi, Kerala 682005	4 Courts Multi-Layer Cushion	Fort Kochi, Mattancherry, Thoppumpady, Rameswaram, Mundamveli	+91 79076 55513 Mon–Sun: 05:30 AM – 10:00 PM

Regional Court Distribution

Kadavanthra	Kumbalanghi	Maradu	Palluruthy	Chullikal
4 BWF Courts	3 BWF Courts	4 BWF Courts	4 BWF Courts	4 BWF Courts

08 Admin Dashboard & Operations Platform

The management interface at `/admin` empowers non-technical staff to control academy operations, student enquiries, coaches, tournaments, and content without code changes:

1. Inquiries CRM & Drawer LIVE

Real-time lead list with status filtering (`NEW`, `CONTACTED`, `TRIAL_SCHEDULED`, `ENROLLED`, `DROPPED`). Clicking a student opens a slide-over drawer to add internal notes, click-to-dial, and launch pre-filled WhatsApp chats.

2. Training Centres CMS LIVE

Add/edit training facilities, update physical addresses, alter court counts, adjust morning/evening opening hours, update Google Maps links, and toggle published status.

3. Coaches & Faculty LIVE

Manage coaching staff, upload portrait headshots, record BWF/NIS certifications, input years of experience, assign primary training venue, and publish profiles.

4. Photo Gallery Manager LIVE

Direct image upload system with relational database binary storage. Assign photos to Training, Courts, or Tournaments with captions and delete functionality.

5. Articles & Blog CMS LIVE

Publish coaching advice, footwork tutorials, and tournament summaries with automatic URL slugs, reading times, tags, and SEO meta tags.

6. Trophy Wall & Laurels LIVE

Record state/district tournament medals (Gold, Silver, Bronze), championship names, age categories, and student honorees to update the live trophy wall.

7. Customer Reviews LIVE

Moderate student and parent reviews, adjust star ratings (1 to 5), edit copy for typos, and toggle approval flags for display on the public testimonial slider.

8. Events & Tournaments LIVE

Create sanctioned championships, holiday coaching camps, entry fees, start dates, and external registration links; automatically feeds dynamic sitemap.

STAFF & USER MANAGEMENT (RBAC)

Administrators can manage staff accounts inside PostgreSQL `users` with role-based permissions (`SUPER_ADMIN`, `ADMIN`, `COACH`, `FRONT_DESK`, `CONTENT_MANAGER`) to prevent unauthorized access to financial or customer records.

09 Authentication & Authorization Security

Password Hashing Engine

Utilizes Node.js native `scrypt` cryptographic key derivation with a cryptographically secure 16-byte random salt. Verification employs `crypto.timingSafeEqual` to prevent timing attack enumeration.

```
{16-byte-salt}:{64-byte-scrypt-derived-key}
```

JWT Sessions & Rotation

Access tokens signed with HMAC-SHA256 (15-min lifespan). Refresh tokens (30-day lifespan) stored in PostgreSQL with SHA-256 token hashing, rotation upon use, and automatic reuse attack revocation.

```
HttpOnly; SameSite=Lax; Secure (Production)
```

10 Database Architecture (25 Tables)

The data layer is built on **Neon Serverless PostgreSQL** with pooled connections and local JSON fallback resilience:

DOMAIN CATEGORY	DATABASE TABLES	PRIMARY PURPOSE & CONSTRAINTS
Identity & Security	`users`, `refresh_tokens`, `audit_logs`	Admin accounts, hashed passwords, session tokens, immutable audit trail.
Facilities & Coaches	`centres`, `coaches`, `coach_photos`	Authoritative branch specs, coach bios, BWF credentials, multi-photo portraits.
Curricula & Events	`programs`, `events`	5 training pathways, fees, ratios, tournaments, registration links.
Admissions & CRM	`leads`, `lead_notes`, `free_trials`	Inbound website leads, internal CRM follow-up commentary, trial bookings.
Student Operations	`students`, `parents`, `batches`, `batch_students`	Enrolled athlete records, guardian contacts, training batch enrollments.
Training Sessions	`sessions`, `attendance`	Daily court sessions with unique constraint (`session_id, student_id`).
Financial Ledger	`fee_invoices`, `payments`, `payment_allocations`	Tuition invoices, payment receipts (UPI/Bank/Cash), allocation ledger.
Dynamic CMS & Media	`site_content`, `uploaded_images`, `announcements`	JSONB dynamic content (gallery, blog, medals), binary image storage.

ZERO DOWNTIME DUAL-LAYER FALLBACK

If the cloud database experiences intermittent connectivity or network latency, the data access layer automatically switches to file-backed JSON stores (`data/site_content.json`, `data/leads.json`) and recovers synchronously once the database reconnects.

11 Lead Lifecycle & Admissions CRM Workflow

The student admissions pipeline is engineered for zero lead leakage from initial search query to on-court free trial:

```
[ VISITOR FILLS TRIAL FORM ] ──> [ POST /api/enquiries ] ──> [ DATABASE LOGGING ]
• Name & Phone (Required)          • Honeypot Anti-Spam       • Neon PostgreSQL 'leads'
• Age Group & Centre               • Phone Sanitization       • Status: 'NEW'
                │                                                    │
                ├────────────────────────────────────────────────────┤
                ▼                                                    ▼
  [ INSTANT WHATSAPP HANDOVER ]                          [ REAL-TIME CRM ALERT ]
  • Visitor redirected to WhatsApp                       • Appears in /admin CRM table
  • Pre-filled inquiry parameters                        • Staff opens Lead Drawer
  • Direct chat with Admissions Head                     • Click-to-Call / Click-to-Chat
                                                         • Status: NEW → CONTACTED → ENROLLED
```

12 Multi-Channel WhatsApp Integration

Tier 1: Dynamic Lead Chat

Inside the Admin Lead Drawer, staff click **WhatsApp** to launch a direct chat with the prospect's mobile number pre-populated with a personalized greeting.

Tier 2: Admissions Line

General website buttons route prospective parents directly to the academy's official admissions phone numbers: `+91 79076 55513` and `+91 90746 80420`.

Tier 3: Form Handoff

Upon submitting the free trial form, a structured WhatsApp text is generated with the student's name, preferred training centre, age bracket, and selected program.

Pre-Formatted Free Trial WhatsApp Handoff Template

```
🏸 *S&A BADMINTON ACADEMY — FREE TRIAL BOOKING*
------------------------------------------------
👤 *Name:* [Visitor Name]
📞 *Phone:* [Visitor Phone]
🎯 *Age Group:* [5-10 / 11-15 / 15-25 / 26+]
📍 *Preferred Centre:* [Kadavanthra / Kumbalanghi / Maradu / Palluruthy / Chullikal]
🏆 *Training Track:* [Kids Foundation / Junior Squad / Adult Fitness / Competitive]
💬 *Goal/Level:* [Beginner / Intermediate / Competitive]
------------------------------------------------
👟 *Requirement:* Non-marking shoes & racket required for trial.
_Please confirm available trial slots for this week._
```

13 Local SEO & Keyword Architecture

To avoid keyword cannibalization across five facilities, distinct geographic query clusters are assigned strictly to self-canonical landing pages:

TARGET SEARCH INTENT	CANONICAL DESTINATION	PRIMARY KEYWORD CLUSTER
Regional Kochi Authority	/ (Homepage)	`badminton academy in kochi`, `badminton coaching kochi`
Central Kochi Hub	`/kadavanthra`	`badminton coaching kadavanthra`, `badminton panampilly nagar`
West Kochi Facility	`/kumbalanghi`	`badminton coaching kumbalanghi`, `indoor badminton aroor`
South Kochi Hub	`/maradu`	`badminton academy maradu`, `badminton classes kundannoor`
West Kochi Corridor	`/palluruthy`	`badminton coaching palluruthy`, `badminton thoppumpady`
Coastal / Fort Kochi	`/chullikal`	`badminton academy chullikal`, `badminton classes fort kochi`
Youth & Junior Coaching	`/programs/kids...`	`kids badminton coaching kochi`, `junior training kochi`

14 Dynamic XML Sitemaps & Robots Directives

Dynamic XML Sitemaps HTTP 200

1. `/sitemap.xml`: Dynamic sitemap listing all core pages, 5 local branch hubs, coach profiles, curricula, and blog articles.
2. `/tournaments-sitemap.xml`: Dedicated sitemap dynamically querying the PostgreSQL `events` table to index fixtures.

Robots.txt Directives HTTP 200

Configured in `app/robots.ts` allowing search engines to index public routes while shielding administrative paths:

```
User-agent: *
Allow: /
Disallow: /api/
Disallow: /admin/
Disallow: /private/
Sitemap: https://soorajbadmintonacademy.in/sitemap.xml
Sitemap: https://soorajbadmintonacademy.in/tournaments-sitemap.xml
```

SCHEMA.ORG MULTI-ENTITY JSON-LD

Implements `SportsOrganization` on the homepage, `SportsActivityLocation` and `LocalBusiness` on each centre page, `BreadcrumbList`, `FAQPage`, and `Event` schemas to qualify for Google Rich Snippets.

15 Google Business Profile (GBP) Verification Audit

To capture local neighborhood searches (e.g. *"badminton coaching near me"*), authoritative Google Business Profile accounts were established across all five physical training venues:

BRANCH PROFILE	ACCOUNT SETUP	VERIFICATION STATUS	CURRENT OPERATIONAL STANDING
1. Kadavanthra	COMPLETED	PENDING VIDEO	HQ profile configured; awaiting live video verification walk-through at Rajiv Gandhi Indoor Stadium.
2. Kumbalanghi	COMPLETED	PENDING VIDEO	All Star Court profile configured; awaiting live video recording of exterior street and indoor court.
3. Maradu	COMPLETED	PENDING VIDEO	ProSmash hosted venue profile configured; awaiting live video recording.
4. Palluruthy	COMPLETED	PENDING VIDEO	West Kochi training facility configured; awaiting live video recording.
5. Chullikal	COMPLETED	PENDING VIDEO	Coastal Fort Kochi training centre configured; awaiting live video recording.

GOOGLE PUBLIC SEARCH VISIBILITY POLICY

Some or all branch profiles may currently not be visible publicly on Google Maps or in Google Search results. **This is standard and expected behavior while Google verification is pending.** Google temporarily suppresses public search indexing until ownership verification is submitted and approved. The profiles are active in the GBP dashboard awaiting the client's video recording step.

Mandatory On-Site Live Video Verification Requirements

Google requires an uninterrupted 1 to 2 minute continuous video recording per centre displaying:

- **1. Outside Signage & Street:** Capture the street name sign, building exterior, and academy entrance banners.
- **2. Court Infrastructure:** Walk inside without stopping to display BWF synthetic courts, training nets, and shuttlecocks.
- **3. Proof of Management:** Show staff unlocking court doors, accessing the administrative desk, or showing official academy documents.

16 Production Infrastructure & Deployment

INFRASTRUCTURE LAYER	CONFIGURATION DETAILS & VERIFICATION
Production URL	`https://soorajbadmintonacademy.in/` (Verified HTTP/2 200 via Vercel Mumbai Edge Node `bom1`)
Hosting Platform	Vercel Serverless Edge Platform with automatic continuous deployment from Git `main` branch.
SSL / Encryption	Automated Let's Encrypt TLS 1.3 certificate with HSTS security headers active.
Build & Start Command	Build: `npm run build` (`next build`) · Start: `npm run start` (`next start`)
Database Server	Neon Serverless PostgreSQL (AWS Region: `us-east-2`) with connection pooling.

17 Environment Variables Reference

All sensitive credentials are isolated strictly within production environment configurations. **No private secret values are exposed in this document:**

VARIABLE NAME	PURPOSE & USAGE	REQUIRED	CLASSIFICATION
`DATABASE_URL`	Neon PostgreSQL pooled database connection string	**YES**	SECRET / HIGH
`JWT_SECRET`	Cryptographic secret key for signing admin access tokens	**YES**	SECRET / HIGH
`NEXT_PUBLIC_SITE_URL`	Canonical base URL for canonical tags, sitemaps, and schemas	**YES**	PUBLIC
`NEXT_PUBLIC_GOOGLE_SITE_VERIFICATION`	Google Search Console ownership verification token	Optional	PUBLIC
`NEXT_PUBLIC_GTM_ID`	Google Tag Manager container ID for web telemetry	Optional	PUBLIC
`ADMIN_EMAIL`	Default Super Admin bootstrap email (Setup scripts only)	CLI Only	INTERNAL
`ADMIN_PASSWORD`	Default Super Admin bootstrap password (Setup scripts only)	CLI Only	SECRET / HIGH
`NODE_ENV`	Runtime environment mode (`production` vs `development`)	**YES**	SYSTEM

18 Quality Assurance (QA) Verification Matrix

TEST AREA	STATUS	OBSERVATIONS & FINDINGS
Homepage & Brand Assets	PASS	Hero photography, trust stats, animated counters, and CTAs render without layout shift.
Navigation & Mobile Drawer	PASS	Desktop hover menus trigger smoothly; mobile slide-over drawer locks background scroll.
5 Centre SEO Landing Pages	PASS	All 5 micro-market pages render self-canonical URLs and local structured JSON-LD schemas.
HTTP 308 Redirections	PASS	Legacy `/branches/:slug` routes redirect permanently to `/:slug` in 1 hop.
Lead Submission & WhatsApp	PASS	Phone validation enforces 10 digits; honeypot blocks bots; instant WhatsApp handoff fires.
Admin Auth & RBAC Security	PASS	scrypt verification passes; 401 on missing token; 403 on role mismatch; cookies HttpOnly.
Admin CRM & CMS Operations	PASS	Lead status changes, notes, venue updates, and coach publishing persist in PostgreSQL.
Dual XML Sitemaps & Robots	PASS	`/sitemap.xml` and `/tournaments-sitemap.xml` return valid XML (HTTP 200).
Google Business Profiles	PARTIAL	All 5 profiles created and configured; pending on-site live video verification.
Authentic Venue Photos	PENDING	High-resolution venue photos pending final photography delivery from client.

19 Mobile Responsiveness & Viewports

Mobile (iPhone / Android)

Tested on 390px, 412px viewports. Features 48px touch targets, full-width thumb-friendly buttons, and a sticky bottom conversion bar (*Book Trial* + *WhatsApp*).

Tablets (iPad / Surface)

Tested on 768px, 1024px viewports. Multi-column grids collapse gracefully into 2-column cards; interactive navigation adapts touch interactions cleanly.

Desktop (1440px / 4K)

Fluid typography scaling via CSS clamp rules; hero banners and court photography render crisply without horizontal overflow.

20 Step-by-Step Administrator User Guide

Practical, numbered instructions for academy directors and front-desk staff to manage daily operations:

Workflow 1: Sign in to Dashboard

1. Navigate to: `https://soorajbadmintonacademy.in/admin`
2. Enter your registered administrative email and password.
3. Click **Sign In to Dashboard**.
4. The system redirects to the live operations overview.

Workflow 2: Manage Student Enquiries

1. Click **Student Inquiries** in the left sidebar.
2. Filter by status (`New`, `Contacted`, `Trial Booked`).
3. Click any lead row to open the **Lead Drawer**.
4. Click **Call** or **WhatsApp** to contact the parent.
5. Update the lead status and add internal notes.

Workflow 3: Update Training Centres

1. Click **Centres & Hubs** in the left sidebar.
2. Click **Edit Centre** on the venue to modify.
3. Update address, court counts, operating hours, or maps URL.
4. Click **Save Changes** to instantly update the public site.

Workflow 4: Add or Edit Coaches

1. Click **Coaches & Staff** in the left sidebar.
2. Click **Add New Coach** or click an existing coach card.
3. Enter name, certifications (BWF/NIS), and experience.
4. Upload a portrait photo and click **Publish Coach**.

Workflow 5: Upload Photos to Gallery

1. Click **Photo Gallery** in the left sidebar.
2. Click **Upload New Photo** and choose an image.
3. Enter a caption (e.g., *"Junior Batch at Kadavanthra"*).
4. Select category (Training, Courts, Tournaments) and save.

Workflow 6: Publish Blog Articles

1. Click **Blog Articles** in the left sidebar.
2. Click **Create New Article**.
3. Enter the title, summary, markdown body, and topic tags.
4. Click **Publish Article** to update `/blog`.

Workflow 7: Log Tournament Medals

1. Click **Track Record & Awards** in the left sidebar.
2. Click **Add Achievement**.
3. Enter tournament name, student name, year, and medal type.
4. Click **Save Record** to update the live Trophy Wall.

Workflow 8: Change Admin Password

1. Click **Password** at the bottom of the sidebar.
2. Enter your current password and your new secure password.
3. Click **Update Password**.

21 Client Handover Deliverables Checklist

1. **Production Website & Domain Live:** `https://soorajbadmintonacademy.in/`	DELIVERED ✅
2. **Admin Dashboard & Inquiries CRM:** Full access at `/admin`	DELIVERED ✅
3. **Administrative Master Credentials:** Transferred securely outside this document	TRANSFERRED PRIVATELY ✅
4. **PostgreSQL Cloud Database:** Neon Serverless Instance active	CONFIGURED & ACTIVE ✅
5. **Google Business Profiles (5 Hubs):** Setup complete; pending live video step	READY FOR VIDEO ✅
6. **Dynamic XML Sitemaps:** `/sitemap.xml` and `/tournaments-sitemap.xml`	CONFIGURED & LIVE ✅
7. **Complete Source Code & Git Repository:** Fully documented repository	DELIVERED ✅
8. **Handover Documentation Package:** PDF & Editable Markdown source	DELIVERED ✅

22 7-Day Testing, Review & Correction Period

OFFICIAL HANDOVER DATE	7-DAY TESTING & REVIEW PERIOD	FINAL DATE FOR REPORTING CORRECTIONS
07 October 2026	07 October 2026 → 13 October 2026	13 October 2026

Handover Status: Project handed over for client testing and review.

Included Testing, Review & Correction Scope

- **Handover Date:** The project is officially handed over on **07 October 2026**.
- **7-Day Testing Window:** The client has a 7-day testing and review period beginning on **07 October 2026** and ending on **13 October 2026**.
- **Functional Verification:** During this period, the client may test the delivered website and report functional issues, errors, bugs, or corrections related to the agreed project scope (`SAA-WEB-SEO-2026-001`).
- **Agreed Corrections:** Agreed corrections and reasonable edits related to the original project scope may be addressed during this 7-day period.
- **Reporting Requirement:** All testing observations and correction requests must be formally communicated within the 7-day period. The final date for reporting testing issues and requesting agreed edits/corrections is **13 October 2026**.

Boundary Terms, Exclusions & Post-Period Policy

- **Strict Cutoff Date:** The testing and review period strictly concludes on **13 October 2026**.
- **Post-Period Requests:** Requests received after **13 October 2026** are outside the included 7-day testing/review window and may be treated as additional work or a separate change request, subject to mutual agreement (or covered under optional ongoing maintenance).
- **Scope Exclusions:** New features, new modules, major design changes, additional functionality, or requirements outside the agreed scope are not considered part of the 7-day correction period.
- **Defined Purpose:** The 7-day period is designated specifically for testing, verification, bug reporting, and agreed corrections—not unlimited redesign or new feature development.

CYBERSECURITY CREDENTIAL NOTICE

In compliance with strict data security standards, administrator passwords, database connection strings, and secret keys are **NOT** documented in this report. Master credentials have been delivered directly to Head Coach Sooraj via private, encrypted channels.

23 Final Handover & Delivery Declaration

I hereby certify that the **Sooraj Badminton Academy Website, CRM & Local SEO** project under commercial reference `SAA-WEB-SEO-2026-001` has been successfully completed in accordance with agreed specifications and delivered on **07 October 2026** for formal client testing and review during the designated 7-day window (**07 October 2026 to 13 October 2026**).

All delivered components have been inspected, tested, and verified on the live production infrastructure. Following the conclusion of the 7-day testing and correction window on **13 October 2026**, ongoing platform maintenance and local SEO rank tracking are available under the optional monthly retainer.
